Blindness is not a barrier to employment.

Despite continued gains in employment, people who are blind remain one of the nation’s greatest untapped labor resources: Seven out of ten working-age Americans who are blind are not employed. Since 1938, NIB has focused on enhancing opportunities for economic and personal independence of people who are blind, primarily through creating, sustaining and improving employment. NIB and its network of associated nonprofit agencies are the nation’s largest employer of people who are blind, through the manufacture and provision of SKILCRAFT® and other products and services of the AbilityOne® Program.
